Hello—

I'm writing to respond to the email you sent to High School Articulation following up on your registration for an A-G reference list with UC. Thank you for reaching out.

Unfortunately there isn't a way for your program to establish a list. You can obtain A-G approval for your courses through UC's policy of Principal Certification, a process by which individual schools or districts approve courses or programs of study for A-G purposes and then the program transfers the credits to the school or district to be reported on the student's transcript. Based on the documentation you provided, this does look to be how you are currently partnering with schools who are using your curriculum for A-G purposes, so please continue operating in this way.

You may have already reviewed the policy, but just in case, you can find information on Principal Certification on page 14 of the [Quick Reference Guide to UC Admissions](#). Please know this is the appropriate way for all programs such as yours to obtain A-G approval for curriculum and is a valid recognized process/policy.

If you have other questions or concerns, please don't hesitate to reach out.

Best,

Katie
